

## Human Interferon beta ELISA Kit | IFN beta elisa kit

Human Interferon beta ELISA Kit

CATALOG #  
**AAA87087**

REACTIVITY  
**Human**

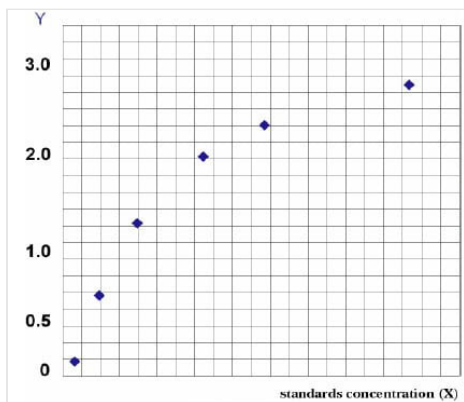

### PRODUCT SYNONYMS

Interferon beta; Human Interferon beta ELISA Kit; Human Interferon b ELISA Kit; IFN beta elisa kit

### PRODUCT SPECIFICATIONS

|                            |                                                                            |
|----------------------------|----------------------------------------------------------------------------|
| Reactivity                 | Human                                                                      |
| Samples                    | Serum, plasma, Cell Culture Supernatants, body fluid and tissue homogenate |
| Assay Type                 | Competitive or Sandwich                                                    |
| Detection Range            | 50-1000pg/mL                                                               |
| Sensitivity                | 1.0pg/mL                                                                   |
| Highest Standards          | 1000pg/mL                                                                  |
| Concentration of Standards | Concentration of Standards                                                 |
| Preparation and Storage    | Store all reagents at 2-8 degree C.                                        |

Cancer

### NCBI AND UNIPROT INFORMATION

|                  |             |
|------------------|-------------|
| NCBI GI #        | 4504603     |
| NCBI GeneID      | 3456        |
| NCBI Accession # | NP_002167.1 |

|                                  |                                                  |
|----------------------------------|--------------------------------------------------|
| NCBI GenBank Nucleotide #        | NM_002176.2                                      |
| Molecular Weight                 | 22,294 Da                                        |
| NCBI Official Full Name          | interferon beta                                  |
| NCBI Official Synonym Full Names | interferon, beta 1, fibroblast                   |
| NCBI Official Symbol             | IFNB1                                            |
| NCBI Official Synonym Symbols    | IFB; IFF; IFNB                                   |
| NCBI Protein Information         | interferon beta; IFN-beta; fibroblast interferon |
| UniProt Protein Name             | Interferon beta                                  |
| UniProt Gene Name                | IFNB1                                            |
| UniProt Synonym Gene Names       | IFB; IFNB; IFN-beta                              |
| UniProt Entry Name               | IFNB_HUMAN                                       |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
