

Rabbit Recombination activating gene 1 ELISA Kit | PAG-1 elisa kit

Rabbit Recombination activating gene 1 ELISA Kit

CATALOG #
AAA87196

REACTIVITY
Rabbit

PRODUCT SYNONYMS

Recombination activating gene 1; Rabbit Recombination activating gene 1 ELISA Kit; PAG-1 elisa kit

PRODUCT SPECIFICATIONS

Reactivity	Rabbit
Samples	Serum, Plasma, Cell Culture Supernatants, Body Fluid And Tissue Homogenate
Assay Type	Quantitative Competitive
Sensitivity	0.1 ng/mL.
Preparation and Storage	Store all reagents at 2-8 degree C.

Intended Uses: This RAB10 ELISA kit is a 1.5 hour solid-phase ELISA designed for the quantitative determination of Human RAB10. This ELISA kit for research use only!

Principle of the Assay: RAB10 ELISA kit applies the competitive enzyme immunoassay technique utilizing an anti-RAB10 antibody and an RAB10-HRP conjugate. The assay sample and buffer are incubated together with RAB10-HRP conjugate in pre-coated plate for one hour. After the incubation period, the wells are decanted and washed five times. The wells are then incubated with a substrate for HRP enzyme. The product of the enzyme-substrate reaction forms a blue colored complex. Finally, a stop solution is added to stop the reaction, which will then turn the solution yellow. The intensity of color is measured spectrophotometrically at 450nm in a microplate reader. The intensity of the color is inversely proportional to the RAB10 concentration since RAB10 from samples and RAB10-HRP conjugate compete for the anti-RAB10 antibody binding site. Since the number of sites is limited, as more sites are occupied by RAB10 from the sample, fewer sites are left to bind RAB10-HRP conjugate. A standard curve is plotted relating the intensity of the color (O.D.) to the concentration of standards. The RAB10 concentration in each sample is interpolated from this standard curve.

NCBI AND UNIPROT INFORMATION

NCBI GI #	27806043
NCBI GeneID	281964
NCBI Accession #	NP_776836.1
NCBI GenBank Nucleotide #	NM_174411.2
Molecular Weight	42,847 Da
NCBI Official Full Name	pregnancy-associated glycoprotein 1
NCBI Official Symbol	PAG1
NCBI Official Synonym Symbols	PAG1B
NCBI Protein Information	pregnancy-associated glycoprotein 1; PAG 1; PSP-B; pregnancy-specific protein B
UniProt Protein Name	Pregnancy-associated glycoprotein 1
UniProt Gene Name	PAG 1
UniProt Synonym Gene Names	PSP-B
UniProt Entry Name	PAG1_BOVIN

For Research Use Only. Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
