

## Mouse Adipose Differentiation Related Protein ELISA Kit | ADRP elisa kit

Mouse Adipose Differentiation Related Protein ELISA Kit

CATALOG #  
**AAA87782**

REACTIVITY  
**Mouse**

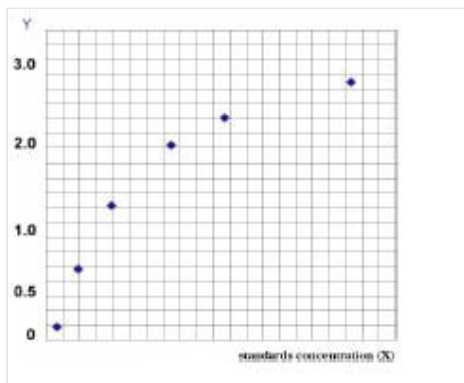

### PRODUCT SYNONYMS

Adipose Differentiation Related Protein; Mouse Adipose Differentiation Related Protein ELISA Kit; ADRP elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                            |
|-------------------------|----------------------------------------------------------------------------|
| Reactivity              | Mouse                                                                      |
| Samples                 | Serum, plasma, Cell Culture Supernatants, body fluid and tissue homogenate |
| Assay Type              | Sandwich                                                                   |
| Detection Range         | 0.5-10ng/mL                                                                |
| Sensitivity             | 0.1ng/mL                                                                   |
| Preparation and Storage | Store all reagents at 2-8 degree C.                                        |

### ADDITIONAL INFORMATION

Product Categories/Family for ADRP elisa kit **Cardiovascular**

### NCBI AND UNIPROT INFORMATION

|                         |                                                 |
|-------------------------|-------------------------------------------------|
| NCBI GI #               | 1911853                                         |
| NCBI Official Full Name | adipocyte differentiation-related protein; ADRP |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
