

Sheep L-selectin ELISA Kit | L-selectin elisa kit

Sheep L-selectin ELISA Kit

CATALOG # AAA88112	REACTIVITY Sheep
------------------------------	----------------------------

PRODUCT SYNONYMS

L-selectin; Sheep L-selectin ELISA Kit; L-selectin elisa kit

PRODUCT SPECIFICATIONS

Reactivity	Sheep
Samples	Serum, plasma, Cell Culture Supernatants, body fluid and tissue homogenate
Assay Type	Competitive
Detection Range	50-1000pg/ml
Sensitivity	1.0pg/ml
Intended Uses	This LS ELISA kit is a 1.5 hour solid-phase ELISA designed for the quantitative determination of Sheep LS. This ELISA kit for research use only, not for therapeutic applications!
Preparation and Storage	Store all reagents at 2-8 degree C.

ADDITIONAL INFORMATION

Related Product Information for L-selectin elisa kit	Principle of the assay: LS ELISA kit applies the competitive enzyme immunoassay technique utilizing a monoclonal anti-LS antibody and an LS-HRP conjugate. The assay sample and buffer are incubated together with LS-HRP conjugate in pre-coated plate for one hour. After the incubation period, the wells are decanted and washed five times. The wells are then incubated with a substrate for HRP enzyme. The product of the enzyme-substrate reaction forms a blue colored complex. Finally, a stop solution is added to stop the reaction, which will then turn the solution yellow. The intensity of color is measured spectrophotometrically at 450nm in a microplate reader. The intensity of the color is inversely proportional to the LS concentration since LS from samples and LS-HRP conjugate compete for the anti-LS antibody binding site. Since the number of sites is limited, as more sites are occupied by LS from the sample, fewer sites are left to bind LS-HRP conjugate. A standard curve is plotted relating the intensity of the color (O.D.) to the concentration of standards. The LS concentration in each sample is interpolated from this standard curve.

NCBI AND UNIPROT INFORMATION

NCBI GI #	5852072
NCBI GeneID	6402
UniProt Accession #	Q9UJ43; P15023; B2R6Q8; P14151
Molecular Weight	43,618 Da
NCBI Official Full Name	L-selectin
NCBI Official Synonym Full Names	selectin L
NCBI Official Symbol	SELL
NCBI Official Synonym Symbols	TQ1; LAM1; LEU8; LNHR; LSEL; CD62L; LYAM1; PLNHR; LECAM1
NCBI Protein Information	L-selectin; gp90-MEL; pIn homing receptor; lymph node homing receptor; lymphocyte adhesion molecule 1; leukocyte surface antigen Leu-8; CD62 antigen-like family member L; leukocyte-endothelial cell adhesion molecule 1
UniProt Protein Name	L-selectin
UniProt Gene Name	SELL
UniProt Synonym Gene Names	LNHR; LYAM1; LAM-1; LECAM1
UniProt Entry Name	LYAM1_HUMAN

For Research Use Only. Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
