

Monkey Survivin ELISA Kit | Surv elisa kit

Monkey Survivin ELISA Kit

CATALOG #
AAA89307

REACTIVITY
Monkey

PRODUCT SYNONYMS

Survivin; Monkey Survivin ELISA Kit; Surv elisa kit

PRODUCT SPECIFICATIONS

Reactivity	Monkey
Samples	Serum, plasma, Cell Culture Supernatants, body fluid and tissue homogenate
Assay Type	Sandwich
Detection Range	50-1000pg/mL
Sensitivity	1.0pg/mL
Intended Uses	This Surv ELISA kit is a 1.5 hour solid-phase ELISA designed for the quantitative determination of Monkey Surv. This ELISA kit for research use only, not for therapeutic applications!
Preparation and Storage	Store all reagents at 2-8 degree C.

ADDITIONAL INFORMATION

Related Product Information for Surv elisa kit

Principle of the assay: Surv ELISA kit applies the quantitative sandwich enzyme immunoassay technique. The microtiter plate has been pre-coated with a monoclonal antibody specific for Surv. Standards or samples are then added to the microtiter plate wells and Surv if present, will bind to the antibody pre-coated wells. In order to quantitatively determine the amount of Surv present in the sample, a standardized preparation of horseradish peroxidase (HRP)-conjugated polyclonal antibody, specific for Surv are added to each well to "sandwich" the Surv immobilized on the plate. The microtiter plate undergoes incubation, and then the wells are thoroughly washed to remove all unbound components. Next, substrate solutions are added to each well. The enzyme (HRP) and substrate are allowed to react over a short incubation period. Only those wells that contain Surv and enzyme-conjugated antibody will exhibit a change in color. The enzyme-substrate reaction is terminated by addition of a sulphuric acid solution and the color change is measured spectrophotometrically at a wavelength of 450 nm. A standard curve is plotted relating the intensity of the color (O.D.) to the concentration of standards. The Surv concentration in each sample is interpolated from this standard curve.

NCBI AND UNIPROT INFORMATION

NCBI GI #	148227006
NCBI GeneID	398389
NCBI Accession #	NP_001082294.1
NCBI GenBank Nucleotide #	NM_001088825.1
NCBI Official Full Name	survivin
NCBI Official Symbol	LOC398389
NCBI Protein Information	survivin

For Research Use Only. Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
