

## Monkey Endothelial Selectin ELISA Kit | E-selectin elisa kit

Monkey Endothelial Selectin ELISA Kit

|                              |                             |
|------------------------------|-----------------------------|
| CATALOG #<br><b>AAA90109</b> | REACTIVITY<br><b>Monkey</b> |
|------------------------------|-----------------------------|

### PRODUCT SYNONYMS

Endothelial Selectin; Monkey Endothelial Selectin ELISA Kit; E-selectin elisa kit

### PRODUCT SPECIFICATIONS

|                            |                                                                            |
|----------------------------|----------------------------------------------------------------------------|
| Reactivity                 | Monkey                                                                     |
| Samples                    | Serum, plasma, Cell Culture Supernatants, body fluid and tissue homogenate |
| Assay Type                 | Competitive                                                                |
| Detection Range            | 25-500pg/mL                                                                |
| Sensitivity                | 1.0pg/mL                                                                   |
| Highest Standards          | 2500pg/mL                                                                  |
| Concentration of Standards | Concentration of Standards                                                 |
| Preparation and Storage    | Store all reagents at 2-8 degree C.                                        |

### NCBI AND UNIPROT INFORMATION

|                         |                                              |
|-------------------------|----------------------------------------------|
| NCBI GI #               | 119611266                                    |
| NCBI GeneID             | 6401                                         |
| Molecular Weight        | 66,655 Da                                    |
| NCBI Official Full Name | selectin E (endothelial adhesion molecule 1) |

|                                  |                                                                                                                                                                                                                                   |
|----------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| NCBI Official Synonym Full Names | selectin E                                                                                                                                                                                                                        |
| NCBI Official Symbol             | SELE                                                                                                                                                                                                                              |
| NCBI Official Synonym Symbols    | ELAM; ESEL; CD62E; ELAM1; LECAM2                                                                                                                                                                                                  |
| NCBI Protein Information         | E-selectin; ELAM-1; endothelial adhesion molecule 1; CD62 antigen-like family member E; endothelial leukocyte adhesion molecule 1; leukocyte endothelial cell adhesion molecule 2; leukocyte-endothelial cell adhesion molecule 2 |
| UniProt Protein Name             | E-selectin                                                                                                                                                                                                                        |
| UniProt Gene Name                | <b>SELE</b>                                                                                                                                                                                                                       |
| UniProt Synonym Gene Names       | ELAM1; ELAM-1; LECAM2                                                                                                                                                                                                             |
| UniProt Entry Name               | LYAM2_HUMAN                                                                                                                                                                                                                       |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
