

Sheep Gastrin cell antibody ELISA Kit | GCA elisa kit

Sheep Gastrin cell antibody ELISA Kit

CATALOG #
AAA90295

REACTIVITY
Sheep

PRODUCT SYNONYMS

Gastrin cell antibody; Sheep Gastrin cell antibody ELISA Kit; GCA elisa kit

PRODUCT SPECIFICATIONS

Reactivity	Sheep
Samples	Serum, plasma, Cell Culture Supernatants, body fluid and tissue homogenate
Assay Type	Competitive
Sensitivity	1.0 pg/mL.
Intended Uses	This GCA ELISA kit is a 1.5 hour solid-phase ELISA designed for the quantitative determination of Sheep GCA. This ELISA kit for research use only, not for therapeutic applications!
Preparation and Storage	Store all reagents at 2-8 degree C.

ADDITIONAL INFORMATION

Related Product Information for GCA elisa kit

Principle of the Assay: GCA ELISA kit applies the competitive enzyme immunoassay technique utilizing a monoclonal anti-GCA antibody and an GCA-HRP conjugate. The assay sample and buffer are incubated together with GCA-HRP conjugate in pre-coated plate for one hour. After the incubation period, the wells are decanted and washed five times. The wells are then incubated with a substrate for HRP enzyme. The product of the enzyme-substrate reaction forms a blue colored complex. Finally, a stop solution is added to stop the reaction, which will then turn the solution yellow. The intensity of color is measured spectrophotometrically at 450nm in a microplate reader. The intensity of the color is inversely proportional to the GCA concentration since GCA from samples and GCA-HRP conjugate compete for the anti-GCA antibody binding site. Since the number of sites is limited, as more sites are occupied by GCA from the sample, fewer sites are left to bind GCA-HRP conjugate. A standard curve is plotted relating the intensity of the color (O.D.) to the concentration of standards. The GCA concentration in each sample is interpolated from this standard curve.

Product Categories/Family for GCA elisa kit

Cardiovascular

NCBI AND UNIPROT INFORMATION

NCBI GI #	755218
Molecular Weight	36,399 Da
NCBI Official Full Name	GCA
UniProt Protein Name	GDP-mannose 4,6-dehydratase
UniProt Gene Name	gmd
UniProt Synonym Gene Names	gca; PA5453
UniProt Entry Name	GM4D_PSEAE

For Research Use Only. Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
