

## Canine Laminin ELISA Kit | LN elisa kit

Canine Laminin ELISA Kit

CATALOG #  
**AAA90577**

REACTIVITY  
**Canine**

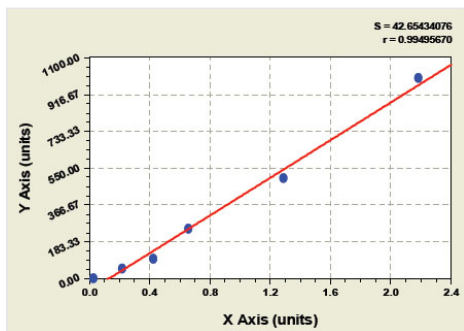

### PRODUCT SYNONYMS

Laminin; Canine Laminin ELISA Kit; LN elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                            |
|-------------------------|----------------------------------------------------------------------------|
| Reactivity              | Canine                                                                     |
| Samples                 | Serum, plasma, Cell Culture Supernatants, body fluid and tissue homogenate |
| Assay Type              | Sandwich                                                                   |
| Detection Range         | 0.5-10ng/mL                                                                |
| Sensitivity             | 0.1ng/mL                                                                   |
| Preparation and Storage | Store all reagents at 2-8 degree C.                                        |

### ADDITIONAL INFORMATION

|                                            |                |
|--------------------------------------------|----------------|
| Product Categories/Family for LN elisa kit | Cardiovascular |
|--------------------------------------------|----------------|

### NCBI AND UNIPROT INFORMATION

|                                  |                                                        |
|----------------------------------|--------------------------------------------------------|
| NCBI GI #                        | 34232                                                  |
| NCBI GeneID                      | 3918                                                   |
| UniProt Accession #              | Q13753; Q02536; Q02537; Q13752; Q14941; Q14DF7; Q5VYE8 |
| Molecular Weight                 | 121,604 Da                                             |
| NCBI Official Full Name          | Laminin                                                |
| NCBI Official Synonym Full Names | laminin, gamma 2                                       |

|                                      |                                                                                                                                                                                                                                                                    |
|--------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>NCBI Official Symbol</b>          | LAMC2                                                                                                                                                                                                                                                              |
| <b>NCBI Official Synonym Symbols</b> | B2T; CSF; EBR2; BM600; EBR2A; LAMB2T; LAMNB2                                                                                                                                                                                                                       |
| <b>NCBI Protein Information</b>      | laminin subunit gamma-2; BM600-100kDa; laminin B2t chain; CSF 140 kDa subunit; nicein subunit gamma; kalinin subunit gamma; ladsin 140 kDa subunit; epiligrin subunit gamma; cell-scattering factor 140 kDa subunit; large adhesive scatter factor 140 kDa subunit |
| <b>UniProt Protein Name</b>          | Laminin subunit gamma-2                                                                                                                                                                                                                                            |
| <b>UniProt Gene Name</b>             | <b>LAMC2</b>                                                                                                                                                                                                                                                       |
| <b>UniProt Synonym Gene Names</b>    | LAMB2T; LAMNB2; CSF 140 kDa subunit                                                                                                                                                                                                                                |
| <b>UniProt Entry Name</b>            | LAMC2_HUMAN                                                                                                                                                                                                                                                        |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
