

## Bovine Cyclin A ELISA Kit | CA elisa kit

Bovine Cyclin A ELISA Kit

CATALOG #  
**AAA94290**

REACTIVITY  
**Bovine**

### PRODUCT SYNONYMS

Cyclin A; Bovine Cyclin A ELISA Kit; CA elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                                                                                                                                     |
|-------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Reactivity              | Bovine                                                                                                                                                                              |
| Samples                 | Serum, plasma, Cell Culture Supernatants, body fluid and tissue homogenate                                                                                                          |
| Assay Type              | Competitive                                                                                                                                                                         |
| Detection Range         | 1.0-25ng/mL                                                                                                                                                                         |
| Sensitivity             | 0.1ng/mL                                                                                                                                                                            |
| Intended Uses           | This CA ELISA kit is a 1.5 hour solid-phase ELISA designed for the quantitative determination of Bovine CA. This ELISA kit for research use only, not for therapeutic applications! |
| Preparation and Storage | Store all reagents at 2-8 degree C.                                                                                                                                                 |

### ADDITIONAL INFORMATION

Product Categories/Family for CA elisa kit **Cell Biology**

### NCBI AND UNIPROT INFORMATION

NCBI GI # **1567308**  
NCBI Official Full Name **cyclin A**

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
