

Porcine Diacylglycerol transferase ELISA Kit | DGAT elisa kit

Porcine Diacylglycerol transferase ELISA Kit

CATALOG #
AAA94727

REACTIVITY
Porcine

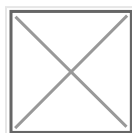

PRODUCT SYNONYMS

Diacylglycerol transferase; Porcine Diacylglycerol transferase ELISA Kit; DGAT elisa kit

PRODUCT SPECIFICATIONS

Reactivity	Porcine
Samples	Serum, plasma, Cell Culture Supernatants, body fluid and tissue homogenate
Assay Type	Competitive
Sensitivity	1.0 ng/mL.
Intended Uses	This DGAT ELISA kit is a 1.5 hour solid-phase ELISA designed for the quantitative determination of Porcine DGAT. This ELISA kit for research use only, not for therapeutic applications!
Preparation and Storage	Store all reagents at 2-8 degree C.

ADDITIONAL INFORMATION

Related Product Information for DGAT elisa kit

Principle of the Assay: DGAT ELISA kit applies the competitive enzyme immunoassay technique utilizing a monoclonal anti-DGAT antibody and an DGAT-HRP conjugate. The assay sample and buffer are incubated together with DGAT-HRP conjugate in pre-coated plate for one hour. After the incubation period, the wells are decanted and washed five times. The wells are then incubated with a substrate for HRP enzyme. The product of the enzyme-substrate reaction forms a blue colored complex. Finally, a stop solution is added to stop the reaction, which will then turn the solution yellow. The intensity of color is measured spectrophotometrically at 450nm in a microplate reader. The intensity of the color is inversely proportional to the DGAT concentration since DGAT from samples and DGAT-HRP conjugate compete for the anti-DGAT antibody binding site. Since the number of sites is limited, as more sites are occupied by DGAT from the sample, fewer sites are left to bind DGAT-HRP conjugate. A standard curve is plotted relating the intensity of the color (O.D.) to the concentration of standards. The DGAT concentration in each sample is interpolated from this standard curve.

NCBI AND UNIPROT INFORMATION

NCBI GI #	158277447
Molecular Weight	35,730 Da
NCBI Official Full Name	diacylglycerol acyl transferase
UniProt Protein Name	Diacylglycerol acyl transferase

UniProt Gene Name	CGLD24
UniProt Synonym Gene Names	CHLREDRAFT_190539
UniProt Entry Name	A8IXB2_CHLRE

For Research Use Only. Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
