

Rat Complement component 3b ELISA Kit | C3b elisa kit

Rat Complement component 3b ELISA Kit

CATALOG #
AAA94816

REACTIVITY
Rat

PRODUCT SYNONYMS

Complement component 3b; Rat Complement component 3b ELISA Kit; C3b elisa kit

PRODUCT SPECIFICATIONS

Reactivity	Rat
Samples	Serum, Plasma, Cell Culture Supernatants, Body Fluid And Tissue Homogenate
Assay Type	Quantitative Competitive
Sensitivity	0.1 ng/mL.
Preparation and Storage	Store all reagents at 2-8 degree C.

Intended Uses: This C2C ELISA kit is a 1.5 hour solid-phase ELISA designed for the quantitative determination of Porcine C2C. This ELISA kit for research use only!

Principle of the Assay: C2C ELISA kit applies the competitive enzyme immunoassay technique utilizing a polyclonal anti-C2C antibody and an C2C-HRP conjugate. The assay sample and buffer are incubated together with C2C-HRP conjugate in pre-coated plate for one hour. After the incubation period, the wells are decanted and washed five times. The wells are then incubated with a substrate for HRP enzyme. The product of the enzyme-substrate reaction forms a blue colored complex. Finally, a stop solution is added to stop the reaction, which will then turn the solution yellow. The intensity of color is measured spectrophotometrically at 450nm in a microplate reader. The intensity of the color is inversely proportional to the C2C concentration since C2C from samples and C2C-HRP conjugate compete for the anti-C2C antibody binding site. Since the number of sites is limited, as more sites are occupied by C2C from the sample, fewer sites are left to bind C2C-HRP conjugate. A standard curve is plotted relating the intensity of the color (O.D.) to the concentration of standards. The C2C concentration in each sample is interpolated from this standard curve.

For Research Use Only. Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
