

## Sheep Aldolase A, Fructose Bisphosphate ELISA Kit | ALDOA elisa kit

Sheep Aldolase A, Fructose Bisphosphate ELISA Kit

CATALOG #  
**AAA95282**

REACTIVITY  
**Sheep**

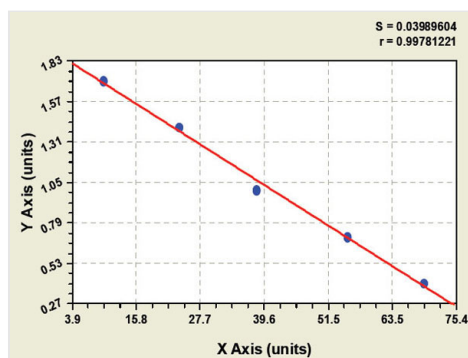

### PRODUCT SYNONYMS

Aldolase A; Fructose Bisphosphate; Sheep Aldolase A; Fructose Bisphosphate ELISA Kit; ALDOA elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                                                                                                                                          |
|-------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Reactivity              | Sheep                                                                                                                                                                                    |
| Samples                 | Serum, plasma, Cell Culture Supernatants, body fluid and tissue homogenate                                                                                                               |
| Sensitivity             | 0.1 ng/mL.                                                                                                                                                                               |
| Intended Uses           | This ALDOA ELISA kit is a 1.5 hour solid-phase ELISA designed for the quantitative determination of Sheep ALDOA. This ELISA kit for research use only, not for therapeutic applications! |
| Preparation and Storage | Store all reagents at 2-8 degree C.                                                                                                                                                      |
