

## Porcine Coagulation factor III ELISA Kit | F3 elisa kit

Porcine Coagulation factor III ELISA Kit

CATALOG #  
**AAA96675**

REACTIVITY  
**Porcine**

### PRODUCT SYNONYMS

Coagulation factor III; Porcine Coagulation factor III ELISA Kit; F3 elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                                                                                                                                      |
|-------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Reactivity              | Porcine                                                                                                                                                                              |
| Samples                 | Serum, plasma, Cell Culture Supernatants, body fluid and tissue homogenate                                                                                                           |
| Sensitivity             | 0.1 ng/mL.                                                                                                                                                                           |
| Intended Uses           | This F3 ELISA kit is a 1.5 hour solid-phase ELISA designed for the quantitative determination of Porcine F3. This ELISA kit for research use only, not for therapeutic applications! |
| Preparation and Storage | Store all reagents at 2-8 degree C.                                                                                                                                                  |

### NCBI AND UNIPROT INFORMATION

|                           |                         |
|---------------------------|-------------------------|
| NCBI GI #                 | 350538835               |
| NCBI GeneID               | 567257                  |
| NCBI Accession #          | NP_001232896.1          |
| NCBI GenBank Nucleotide # | NM_001245967.1          |
| NCBI Official Full Name   | coagulation factor IIIa |

|                                  |                                              |
|----------------------------------|----------------------------------------------|
| NCBI Official Synonym Full Names | coagulation factor IIIa                      |
| NCBI Official Symbol             | f3a                                          |
| NCBI Official Synonym Symbols    | f3                                           |
| NCBI Protein Information         | coagulation factor IIIa; TFa; thromboplastin |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
