

## Sheep Angiostatin ELISA Kit | ANG elisa kit

Sheep Angiostatin ELISA Kit

CATALOG #  
**AAA97265**

REACTIVITY  
**Sheep**

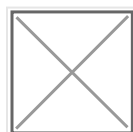

### PRODUCT SYNONYMS

Angiostatin; Sheep Angiostatin ELISA Kit; ANG elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                                                                                                                                              |
|-------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Reactivity              | Sheep                                                                                                                                                                                        |
| Samples                 | Serum, plasma, Cell Culture Supernatants, body fluid and tissue homogenate                                                                                                                   |
| Sensitivity             | 1.0 ng/mL.                                                                                                                                                                                   |
| Intended Uses           | This ACA-IgG ELISA kit is a 1.5 hour solid-phase ELISA designed for the quantitative determination of Sheep ACA-IgG. This ELISA kit for research use only, not for therapeutic applications! |
| Preparation and Storage | Store all reagents at 2-8 degree C.                                                                                                                                                          |
