

## Rabbit P-Selectin ELISA Kit | SELP elisa kit

Rabbit P-Selectin ELISA Kit

|                              |                             |
|------------------------------|-----------------------------|
| CATALOG #<br><b>AAA99510</b> | REACTIVITY<br><b>Rabbit</b> |
|------------------------------|-----------------------------|

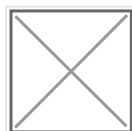

### PRODUCT SYNONYMS

P-Selectin; Rabbit P-Selectin ELISA Kit; SELP elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                                                                                                              |
|-------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Reactivity              | Rabbit                                                                                                                                                       |
| Sequence Length         | 830                                                                                                                                                          |
| Assay Type              | Sandwich ELISA, Double Antibody                                                                                                                              |
| Samples                 | Serum, Plasma, Cell Culture Supernatant, cell or tissue lysate, Other liquid samples                                                                         |
| Detection Range         | 0.156-10ng/ml                                                                                                                                                |
| Sensitivity             | 0.094ng/ml                                                                                                                                                   |
| Preparation and Storage | Store entire kit at 2-8C for short-term. For longer-term, please store the microplate & standard at -20C, while the remaining reagents can be stored at 2-8C |

### NCBI AND UNIPROT INFORMATION

|                                  |                                                 |
|----------------------------------|-------------------------------------------------|
| NCBI GI #                        | <a href="#">157419154</a>                       |
| NCBI GeneID                      | <a href="#">6403</a>                            |
| NCBI Accession #                 | <a href="#">NP_002996.2</a>                     |
| NCBI GenBank Nucleotide #        | <a href="#">NM_003005.3</a>                     |
| Molecular Weight                 | 90,834 Da                                       |
| NCBI Official Full Name          | P-selectin                                      |
| NCBI Official Synonym Full Names | selectin P                                      |
| NCBI Official Symbol             | SELP                                            |
| NCBI Official Synonym Symbols    | CD62; GRMP; PSEL; CD62P; GMP140; LECAM3; PADGEM |
| NCBI Protein Information         | P-selectin                                      |
| UniProt Protein Name             | P-selectin                                      |
| UniProt Gene Name                | <b>SELP</b>                                     |

|                            |                                     |
|----------------------------|-------------------------------------|
| UniProt Synonym Gene Names | GMRP; GRMP; GMP-140; LECAM3; PADGEM |
| UniProt Entry Name         | LYAM3_HUMAN                         |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
