

## Guinea pig Interleukin 13 ELISA Kit | IL-13 elisa kit

Guinea pig Interleukin 13 ELISA Kit

|                              |                                 |
|------------------------------|---------------------------------|
| CATALOG #<br><b>AAA99616</b> | REACTIVITY<br><b>Guinea pig</b> |
|------------------------------|---------------------------------|

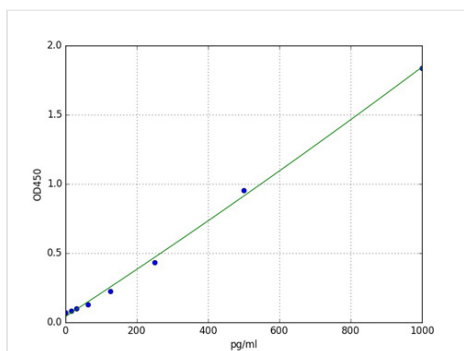

### PRODUCT SYNONYMS

Interleukin 13; Guinea pig Interleukin 13 ELISA Kit; IL-13 elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                                                                                                              |
|-------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Reactivity              | Guinea pig                                                                                                                                                   |
| Sequence Length         | 146                                                                                                                                                          |
| Assay Type              | Sandwich ELISA, Double Antibody                                                                                                                              |
| Samples                 | Serum, Plasma, Cell Culture Supernatant, cell or tissue lysate, Other liquid samples                                                                         |
| Detection Range         | 15.625-1000pg/ml                                                                                                                                             |
| Sensitivity             | 9.375pg/ml                                                                                                                                                   |
| Preparation and Storage | Store entire kit at 2-8C for short-term. For longer-term, please store the microplate & standard at -20C, while the remaining reagents can be stored at 2-8C |

### NCBI AND UNIPROT INFORMATION

|                                  |                             |
|----------------------------------|-----------------------------|
| NCBI GI #                        | <a href="#">26787978</a>    |
| NCBI GeneID                      | <a href="#">3596</a>        |
| NCBI Accession #                 | <a href="#">NP_002179.2</a> |
| NCBI GenBank Nucleotide #        | <a href="#">NM_002188.2</a> |
| Molecular Weight                 | 15,816 Da                   |
| NCBI Official Full Name          | interleukin-13              |
| NCBI Official Synonym Full Names | interleukin 13              |

|                               |                |
|-------------------------------|----------------|
| NCBI Official Symbol          | IL13           |
| NCBI Official Synonym Symbols | P600; IL-13    |
| NCBI Protein Information      | interleukin-13 |
| UniProt Protein Name          | Interleukin-13 |
| UniProt Gene Name             | <b>IL13</b>    |
| UniProt Synonym Gene Names    | NC30; IL-13    |
| UniProt Entry Name            | IL13_HUMAN     |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
