

## Rabbit Insulin Like Growth Factor 1 ELISA Kit | IGF-1 elisa kit

Rabbit Insulin Like Growth Factor 1 ELISA Kit

CATALOG #  
**AAA99767**

REACTIVITY  
**Rabbit**

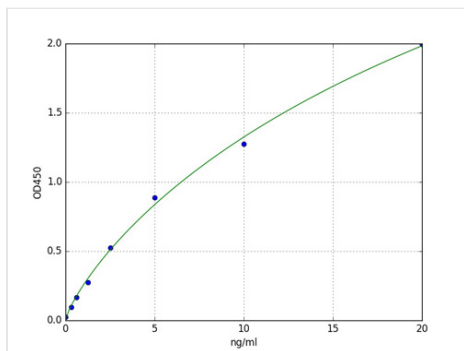

### PRODUCT SYNONYMS

Insulin Like Growth Factor 1; Rabbit Insulin Like Growth Factor 1 ELISA Kit; IGF-1 elisa kit

### PRODUCT SPECIFICATIONS

|                         |                                                                                                                                                              |
|-------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Reactivity              | Rabbit                                                                                                                                                       |
| Sequence Length         | 154                                                                                                                                                          |
| Assay Type              | Sandwich ELISA, Double Antibody                                                                                                                              |
| Samples                 | Serum, Plasma, Cell Culture Supernatant, cell or tissue lysate, Other liquid samples                                                                         |
| Detection Range         | 0.313-20ng/ml                                                                                                                                                |
| Sensitivity             | 0.188ng/ml                                                                                                                                                   |
| Preparation and Storage | Store entire kit at 2-8C for short-term. For longer-term, please store the microplate & standard at -20C, while the remaining reagents can be stored at 2-8C |

### NCBI AND UNIPROT INFORMATION

|                           |                                            |
|---------------------------|--------------------------------------------|
| NCBI GI #                 | <a href="#">118150782</a>                  |
| NCBI GeneID               | <a href="#">281239</a>                     |
| NCBI Accession #          | <a href="#">NP_001071296.1</a>             |
| NCBI GenBank Nucleotide # | <a href="#">NM_001077828.1</a>             |
| Molecular Weight          | 17,066 Da                                  |
| NCBI Official Full Name   | insulin-like growth factor I preproprotein |
| NCBI Official Symbol      | IGF1                                       |

|                               |                              |
|-------------------------------|------------------------------|
| NCBI Official Synonym Symbols | IGF-1; IGF-I                 |
| NCBI Protein Information      | insulin-like growth factor I |
| UniProt Protein Name          | Insulin-like growth factor I |
| UniProt Gene Name             | <b>IGF1</b>                  |
| UniProt Synonym Gene Names    | IGF-I                        |
| UniProt Entry Name            | IGF1_BOVIN                   |

**For Research Use Only.** Not for use in diagnostic or therapeutic procedures. Small volumes of product may become entrapped in the seal of the vial during shipment and storage; if necessary, briefly centrifuge the vial on a tabletop centrifuge to dislodge any liquid in the cap.
